PROFILE

Software Developer at MEARN (Mongo, ExpressJS, Angular 4/9, ReactJS and NodeJS), in Spring Boot with Cloud technology (Zuul, Eureka and Config), in Hybrid Mobile Apps (Ionic, React Native and Flutter). With principles of Agile Methodology (Scrum) and Clean Code, attached to the DevOps culture and focused on the most cohesive strategy. I like to be prepared for challenges and that is the reason why I always like to be constantly learning, in which I know and which the market trend is oriented.

TECHNICAL SKILLS

Primary Profile

FullStack in MEAN (MongoDB, ExpressJS, Angular 4/9 and NodeJS)

Secondary Profile

Software Developer in MEARN (Mongo, ExpressJS, Angular 4/9, ReactJS and NodeJS)

Tertiary Profile

Software Developer in Mobile Apps.

Operating Systems

Linux (Debian and OpenSUSE), Windows,Mac; preferred,Mac.

Programming Languages

JavaScript
1. Express.JS
2. NestJS
3. Angular 4-9
4. React.JS
5. ReactiveX
6. Node.JS
7. Socket.IO
8. React Native

9. Electron.JS
10. PWA
11. TypeORM

Java
1. Spring Boot
2. Spring Boot Cloud Netflix Eureka
3. JasperReport
4. Android

PHP
1. Laravel
2. PHP

IOS
1. Swift

Dart
1. Flutter

Python
1. Anaconda

Docker

Cloud

AWS
1. Terraform with AWS
2. AWS
3. Serverless Framework

Databases

Relational
1. MySQL

Non-Relational
1. MongoDB

Versioning
1. Git

Agile Methodologies
1. Scrum

IDE's
1. Family IntelliJ
2. VS Code
3. Eclipse
4. Apache NetBeans
5. JasperStudio
6. Android Studio
7. MongoDb Compass
8. Xcode
9. Vim/NeoVim - Terminal
10. Workbench

Builders
1. PrimeNG
2. Ant Design
3. Semantic UI
4. Bootstrap

SQS
1. RabbitMQ

DevOps /Tools
1. Jira
2. Confluence
3. BitBucket
4. GitHub
5. GitLab
6. SonarQube
7. Trello

Other

1. Teams
2. Slack
3. PostMan
4. FileZilla
5. Photoshop
6. Illustrator
7. Microsoft Office
8. CSS 3
9. Sass
10. BigData

PERSONAL SKILLS

1. Make things happen
2. Self
3. Constant Learning
4. Interaction
5. Relentless Curiosity
6. Communicate findings
7. Creativity
8. Teamwork
9. Business Areas
10. Storytelli ng

LANGUAGES

Spanish
Native

English
A1

PROFESSIONAL EXPERIENCE

Personal Projects

Web Developer
Feb 2012 – Jun 2014
Main Activities and Achievements
Web Pages – Creation of simple websites.
Tools
- HTML, CSS, JQuery, PHP and MySQL

Freelance
Junior Web Developer
Jul 2014 – Apr 2017
Main Activities and Achievements
Front Development – Creation of landing page and information.
Database – Creation of relational database.
tools
- JavaScript, Bootstrap, HTML5, CSS3, JQuery, PHP and MySQL

EnterpriseFerremayoristas del Bajío Group.
FullStack Developer
May 2017 - March 2020
Main Activities and Achievements
Back development – functionality sending data to API services
Front development for a web application (ERP, Store, Panels)
Architecture adaptation and implementation
Linux configuration of Web apps and Web Services
Experience in the development of GPS, Mobile and Web
Tools
- MEAN Stack, Ionic, Flutter & Google API

Company. Signot FullStack
Developer at MEAN
Sr Software Developer at Spring Boot
May 2020 - June 2021
Main Activities
Development of a web application for Notarial Processes linked to FOVISSSTE (The contract was achieved this year).
BackEnd - development of services/endpoints for handling parcel shipping and data processes.
FrontEnd - development of a web application, for the specific use of Notary Processes.
Database - analysis and development of entity models according to the design pattern necessary for the proper functioning of the application and its services.

Business. Neoris
Sr Software Developer
September 2021 - Present
Main Activities
Development of a web application for the Axa client.
BackEnd - development of services/endpoints for handling parcel shipping and data processes.
FrontEnd - development of a web application, for the specific use of issuing insurance policies to vehicle fleets.
Database - analysis and development of entity models according to the design pattern necessary for the proper functioning of the application and its services.

EDUCATION
Software Development Engineering (1st Semester) Open and Distance University of Mexico.
Computer Systems Engineer (Trunco 4th Semester) Universidad Valle del Grijalva Tuxtla Gtz, Chis 2004-2006.

COURSES
- Analyst Programmer *Tuxtla Gtz, Chis Platzi WebPack Certificate*
- Platzi *January 2018*

- React.JS *Diploma February 2018*
- Angular 4 *Diploma February 2018 Platzi*
- React Native *Diploma June 2018*
- MEAN Diploma (MongoDb, Express.JS, Angular 4, Node.JS) *Udemy December 2018*
- Socket.IO *Udemy Diploma December 2018*
- Node.JS *Udemy Diploma January 2019*
- Ionic 2 and 3 *Udemy Diploma March 2019*
- Scrum Master *Udemy Diploma July 2019*
- MongoDB *Udemy January 2020 Diploma*
- Linux Web Servers *Udemy January 2020 Diploma*
- Linux Administration BootCamp *Udemy January 2020 Diploma*
- Spring Boot Cloud Netflix Eureka *Udemy May 2020 Diploma*
- DevOps - The Martial Arts of Software *Udemy July 2020 Diploma*
- Design Patterns in Javascript and NodeJS *Udemy September 2020 Diploma*
- Amazon AWS Amazon Basic Course AWS *Udemy September 2020 Diploma*
- React Native Expo: Creating a *Udemy Restaurant TripAdvisor March 2021 Diploma*
- Continuous Quality Management with SonarQube *Udemy March 2021 Diploma*
- Terraform - Automate AWS *Udemy Infrastructures April 2021 Diploma*
- Reporting with JasperReport and JasperStudio *Udemy May 2021 Diploma*
- Serverless in Spanish with AWS and Serverless Frmework Udemy *July 2021 Diploma*
- VUE and VUEX from scratch *Campus Neoris September 2021 Diploma*
- AWS Partner: Foundations (Technical) (Classroom) *AWS Partner September 2021 Diploma*
- Introduction to the Platzi terminal and command *line January 2022 Diploma*
- Begins with Kafka: Apache Kafka course from scratch *Udemy February 2022*
- AWS Partner Diploma: Containers on AWS *AWS April 2022*
- Secure Development Process Diploma NEORIS SSDLC *Neoris May 2022*
- Software Project Development Methodology *Diploma*
- GUI Testing *Neoris May 2022*
- Boundaries Testing *Neoris May 2022 Diploma*
- Java Microservices with Kafka | Spring Boots | Event Sourcing *Udemy August 2022 Diploma*
- How and why to learn Data Science and Artificial Intelligence *Platzi August 2022 Diploma*
- Business Analysis for Data Science *Platzi August 2022 Diploma*
- Fundamentals of Mathematics *Platzi August 2022 Diploma*
- Basic Python *Platzi August 2022 Diploma*
- Work Environment for Science Data Management with Jupyter Notebooks and Anaconda *Platzi August 2022*
- Git and Github *Professional Diploma Platzi August 2022*

- Object Oriented Programming *Platzi August 2022 Diploma*
